Framer
Company Overview

Tool for designing and prototyping interactive interfaces, combining visual editing with code flexibility

Company Overview

- Founded in 2014 and headquartered in the Netherlands, Framer is a cutting-edge design tool that empowers users to create interactive and high-fidelity prototypes with ease
- Recognized globally as a trusted brand among designers and product teams
- In 2023, Framer pivoted from a prototyping tool to a no-code website builder, enabling users to design and launch websites without coding
- **Recent Acquisition (January 2019):** Popmotion, a lightweight JavaScript animation library designed for creating smooth and dynamic motion effects on web interfaces
