JOLT
Company Overview

Sustainable mobility platform enabling convenient, high-speed electric vehicle charging in urban areas

Company Overview

- Founded in 2018 and headquartered in Dublin, Ireland, JOLT is a cleantech company building a network of ultra-fast electric vehicle (EV) charging stations
- Offers free daily charging (e.g. ~7 kWh) to users, with additional usage available on a paid basis, driving EV adoption through accessible urban infrastructure
- Deploys chargers integrated with digital out-of-home (DOOH) advertising screens, creating a dual revenue model (energy + media)
- Focused on high-traffic urban locations (e.g. supermarkets, retail hubs), enabling convenient, short-duration charging sessions
- Expanding internationally with deployments across Ireland, the UK, and Australia, targeting major metropolitan areas

JOLT
Company Overview

Sustainable mobility platform enabling convenient, high-speed electric vehicle charging in urban areas

Product Overview

Ultra-Fast Charging Performance	Delivers up to 320 kW of power, giving drivers around 100 km of range in just five minutes
Battery-Buffered Architecture	Battery-integrated chargers that work on low-voltage grids and install quickly
Urban-Focused Deployment	Chargers placed in busy city locations like supermarkets and petrol stations
Turnkey Solution for Site Partners	JOLT installs and operates the chargers so partners don't invest or manage anything.
Network & Scalability	JOLT is rolling out thousands of chargers across Europe and North America

Corporate Timeline

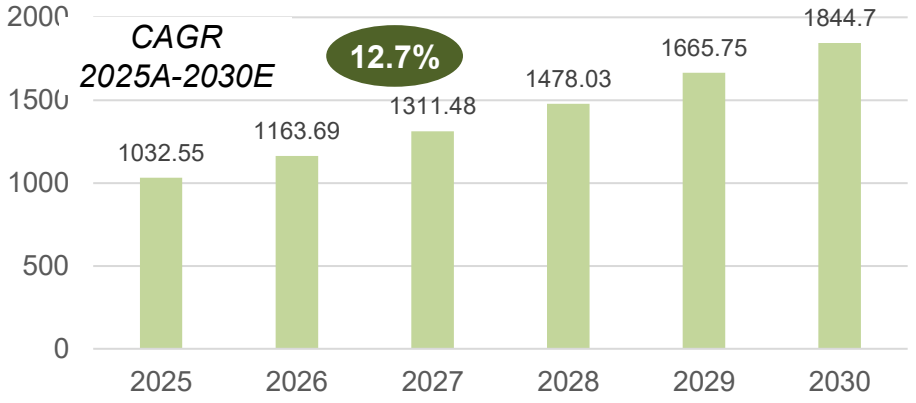

Key Management

Maurice Neligan
