Picnic
Company Overview

Tech-enabled food retail platform offering app-based grocery shopping with efficient last-mile delivery

Company Overview

- Founded in 2015 and headquartered in Amersfoort, Netherlands, Picnic is a food-tech company operating a fully online, app-based grocery delivery service
- Provides next-day home delivery through a fleet of electric vehicles, offering a limited assortment of high-quality groceries at competitive prices
- Operates a vertically integrated supply chain, with centralized distribution centres and optimized last-mile logistics
- Known for its milkman-style delivery model, with fixed routes and time slots improving efficiency and reducing costs
- **Growth Focus:** Scaling automated fulfilment centres, expanding geographic footprint, and further optimizing last-mile delivery economics

Key Financials

Notable Funding Rounds:

- Series D: £377,97 million in November 2025
- Series C: £306,67 million in January 2024
