*Company Overview*

## Intelligent assistant suite empowering teams with enterprise search, workflow automation, and contextual knowledge delivery

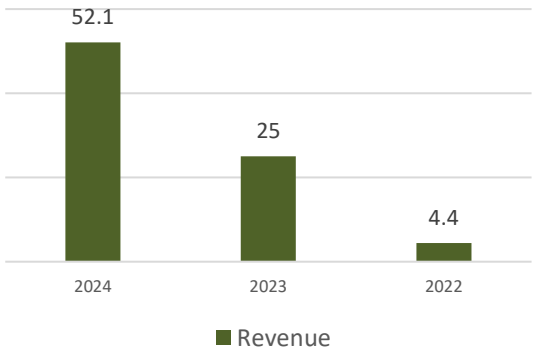

### Company Overview

- Founded in 2016, Sana Labs is a leading AI-powered learning platform used by enterprises to streamline training, collaboration, and knowledge management.
- Headquartered in Stockholm, Sweden, Sana operates globally, serving clients across industries including healthcare, finance, and technology.
- In 2024, Sana launched its second major product—an AI-powered enterprise assistant and agent platform. This tool enables organizations to build custom AI agents that automate workflows, solve complex tasks, and interact across apps using natural language, all without coding
- **Recent Acquisition (2024):** CTRL, a workflow automation startup, was acquired to enhance Sana's capabilities in building the ultimate user interface for enterprise AI
